

# AFTER NOON TEA

Our Afternoon tea is a treat for all occasions. So whether you are taking out your mum, booking a baby shower or want something a bit more discerning for your hen party our Afternoon Tea is just the ticket.

This delectable treat consists of lovely little open sandwiches, a selection of petit fours and fancies and scones which are freshly baked in the morning and served with clotted cream and a locally made jam.

We have sourced all our products with great care to ensure we offer something traditional but with a modern twist.

The treats are accompanied by a pot of one of our own blends of tea which you can choose from our tea menu.

Served on a three tier cake stand with vintage crockery you can indulge in the frivolities of a bygone era
