### **FIFTY POUNDS GIN | £4.50**

Crafted in a small distillery in south-east London, this classic London dry gin is smooth and elegant. The name is derived from the tax imposed on home distillers in the 1700s, by the Crown, during the London gin craze.

### **ANNO GIN | £4.50**

This delightful gin, crafted in Kent, uses botanicals picked from the local area such as lavender and samphire. Using no less than 16 botanicals, it infuses herbal, citrus and floral notes.

### **GENEVER | £4.10**

This young grain Genever, hand crafted in Holland has pleasant aromas of juniper, vanilla and hints of malt.

### **BLACKDOWN GIN | £4.20**

This local Sussex dry gin uses only the natural botanicals including Silver Birch sap from the trees around the distillery giving a slightly woody aroma. A smooth and sweet tasting gin.
